SUBJECT: Hiring Freeze and Procedure For Waivers

On March 9, 2020, we received a directive from the Chief of Staff implementing a hiring freeze. All full-time, part-time, nonpermanent, and seasonal positions in bargaining units and in the partially-exempt and exempt service paid for by general funds and other state funds are included in this freeze. In addition, this freeze also includes any requests to reclassify a position that is not within the same job family, requests to establish new nonpermanent positions and any requests to extend nonpermanent positions. Exceptions to the hiring freeze are outlined below.

Exceptions to the Hiring Freeze

The following DOT&PF positions are exempt from the hiring freeze and may go through the normal recruitment process.

1. Positions that are fully (100%) funded by federal funds (Attach the budget detail report in Workplace Alaska to your recruitment showing 100% federally funded.)
2. Positions essential to protect Alaska citizens (Airport Police and Fire Officers)
3. Lateral transfers and promotions within DOT&PF
4. Range changes in flexibly ranged positions
5. Reclassifications within the same job family
6. Employees delegated the authority to perform the duties of a vacant position that are assigned a higher pay range if bargaining unit provisions or regulations provide for compensation
7. The use of on-call nonpermanent employees, if only used to perform work essential to protect the public's safety or meet other state responsibilities
8. Preference Placement as outlined by the State Personnel Act and Personnel Rules (Requires HR Manager Approval):
   a. Job Reassignment under the American with Disabilities Act, as amended
   b. Placement of an Injured Worker under 2 AAC 07.228
   c. Placement of a pregnant employee under 2 AAC 07.226

DOT&PF has a request in to the Chief of Staff asking for blanket approval of specific mission critical positions. Once the Chief of Staff responds to that request, this memo may be updated. Until then, if filling a position is necessary to protect the safety of the public or meet other essential state responsibilities, a request for waiver from the hiring freeze is required.
