

FAIRBANKS AREA CONCRETE BARRIER UPGRADE

The Alaska Department of Transportation, in cooperation with Exclusive Paving, is working at various locations throughout the Fairbanks and North Pole area. Work will include upgrading concrete barriers to current design standards on the Johansen Expressway, Mitchell Expressway, Steese Highway, and the Richardson Highway at North Pole. We will do our best to keep you informed of any project updates and appreciate your patience and cooperation during construction. This project is expected to be complete in August 2021.

Planned Project Details:

- Work will occur during the 2020 and 2021 construction seasons.
- Expect intermittent LANE CLOSURES throughout the season on the following routes:
 - Johansen Expressway, University Avenue to College Road
 - Richardson Highway, at the highway overpass at Santa Claus Lane in North Pole
 - Mitchell Expressway, Lathrop Street to the Richardson Highway on and off ramps
 - Steese Highway, north from the Chena Hot Springs Road overpass
 - Steese Highway, north from the Hagelbarger Avenue intersection

If you would like to receive email updates about this and other Fairbanks/North Pole projects, please email fairbanksconstruction@alaskanavigator.org.
