

ANGOON AIRPORT

WELCOME

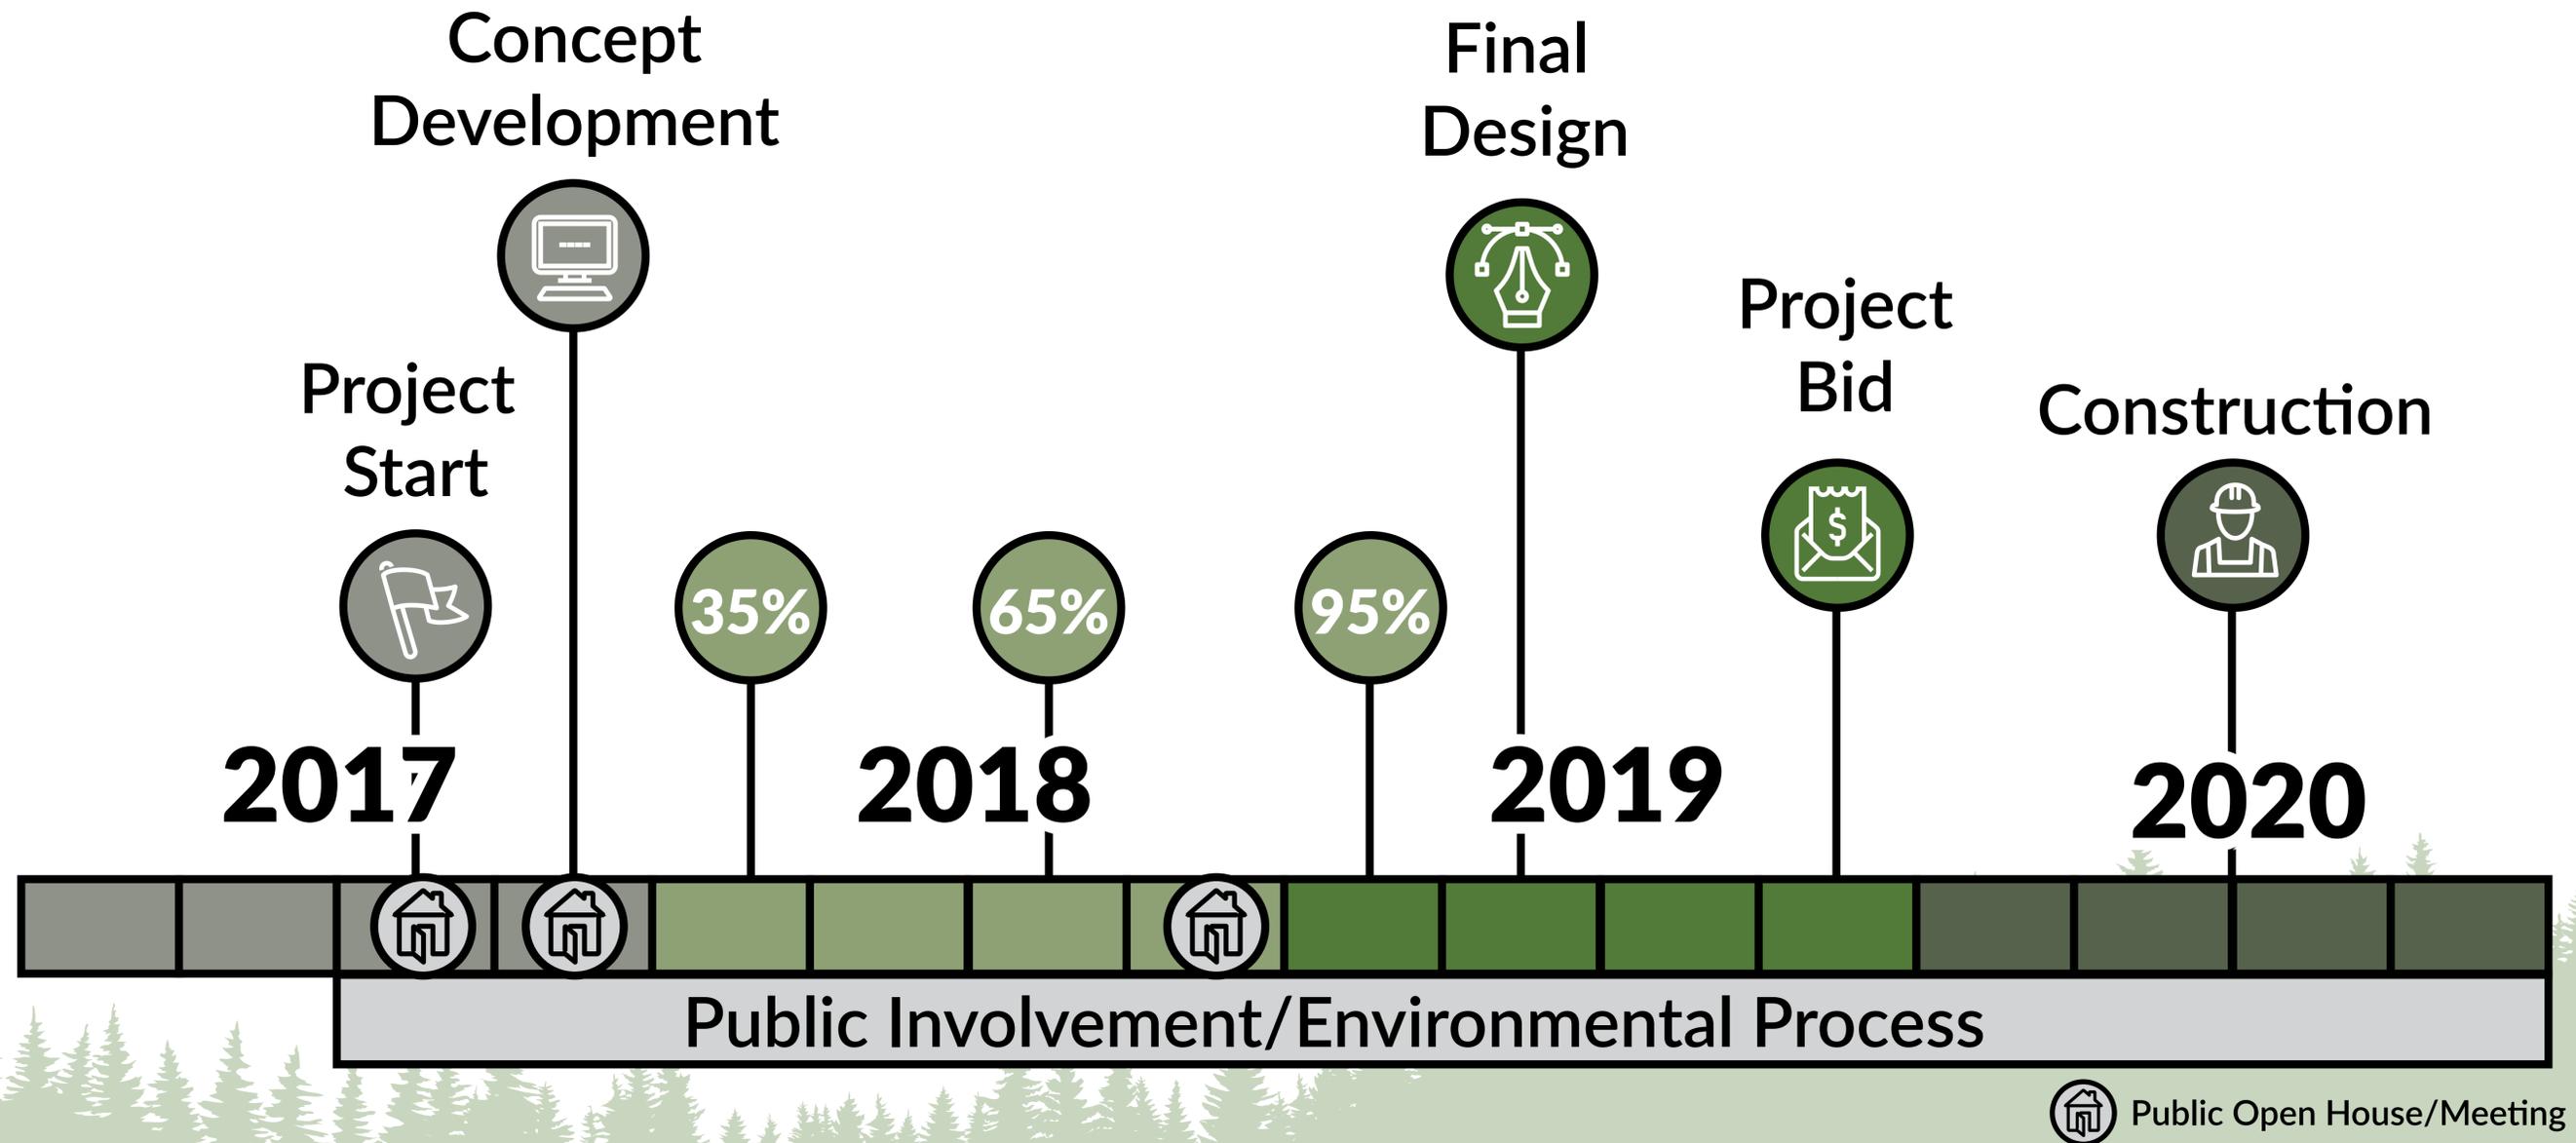

AIRPORT DESIGN PUBLIC OPEN HOUSE

This Alaska DOT&PF project will design and construct a new airport in Angoon. The location was selected by FAA in the EIS and is Alternative 12a with Access 12a.

The design project will:

- » determine the airport layout and design
- » acquire permits
- » acquire Right-of-Way
- » prepare bid documents for construction contractors

SCHEDULE

We plan to complete design and have the project ready for construction bidding in 2019. Construction would begin no sooner than 2020.
