OPEN HOUSE	1800 Northwood Drive, Juneau	APPRECIATED

Alaska Department of Transportation and Public Facilities (DOT&PF) proposes a federally funded project that would resurface and improve Glacier Highway from Glacier Highway Access Road (near the old Walmart) to the intersection with Vanderbilt Rd and Glacier Hwy heading to Twin Lakes.

Glacier Highway, in the Lemon Creek area, is heavily traveled by pedestrians and bicyclists despite inadequate facilities for both. The purpose of this project is to make the road more accessible to pedestrians, including those with disabilities and to improve mobility of bikers and transit users while maintaining the level of service to vehicular traffic.

The proposed project would

- Resurface the entire length of the roadway
- Convert the Renninger St. intersection to a roundabout
- Add a traffic signal to the Davis Ave. intersection
- Add a sidewalk on the seaward water side of Glacier Hwy and lighting as needed
- Add pedestrian crossings at various locations along the corridor
- Relocate and improve bus pullouts
- Add a bicycle crossing at the intersection with Vanderbilt Rd and Glacier Hwy heading to Twin Lakes
- Address drainage needs
- Consolidate driveway access where appropriate

DOT &PF staff will be available to answer questions.

END OF PROJECT

& Map Detail

Your comments would help us in evaluating the potential environmental, social and economic impacts of this project as well as its impacts to historic and cultural resources.

Please Submit your written comments to:

Jill Taylor, Environmental Analyst DOT&PF, Southcoast Region P.O. Box 112506 Juneau AK 99811-2506

E-mail: jill.taylor@alaska.gov

- Replace CBJ sanitary sewer force main between Anka St and Davis Ave.
- Relocate CBJ sanitary sewer lift station near the Renninger St. Intersection

The project improvements would require permanent acquisition of portions of privately and publicly owned properties for right-of-way (ROW). This would require permanent acquisition of approximately 64 partial parcels with some duplication. Phone: 907-465-4524 FAX: 907-465-3506

Written comments will be accepted by mail, email and fax until 4:30 pm on April 1, 2016

If you or someone you represent requires special accommodations in order to attend this open house, please call or email the project coordinator or call Alaska Relay and ask the communications assistant to assist you.
