Statewide Design & Engineering Services Division

TO: SEE DISTRIBUTION

DATE: April 13, 2000

FILE NO: 0910

TELEPHONE NO: 465-2960

FAX NUMBER: 465-2460

TEXT TELEPHONE: 465-3652

FROM: Michael L. Downing, P.E. *MLD*
Director

SUBJECT: Specification
Transmittal 00-2

Incorporate the attached Standard Modifications into all relevant highway construction contracts advertised after May 15, 2000.

M 88 (03/14/00) revises Section 606, Guardrail. This change adopts the orange plastic snow pole device as the statewide standard to mark guardrail ends. This is the style preferred by our maintenance staff.

M 86 (03/22/00) revises Section 608, Sidewalks. The term "sidewalk ramp" is replaced with "curb ramp". This and other minor changes complement new Standard Drawings, I-20.13, I-21.00, and I-22.00.

M 87 (03/22/00) revises Section 609, Curbing. The term "curb ramp" is removed from this section and "backing curb" is added. These modifications complement new Standard Drawings, I-20.13, I-21.00, and I-22.00.

These Standard Modifications modify the 1998 edition of the Standard Specifications. Use Special Provisions to modify previous editions of the Standard Specifications.

Also attached is an updated list of approved modifications to the 1998 Standard Specifications.
