FAX NUMBER: 465-2460

TEXT TELEPHONE: 465-3652

FROM: Michael L. Downing, P.E.
Chief Engineer 

SUBJECT: Environmental Document
Review by Agencies

Please ensure that state and federal resource agencies and local coastal districts are provided a copy of our approved environmental assessments and environmental impact statements for their review and comment. In addition, agencies should be provided copies of all technical appendices and technical reports that will assist them in their review of the environmental document.

For those projects with the Corps Public Notice running concurrent with the review of our environmental document, I encourage you to hold an office review of the project with agencies to assist them in their review.

I want to assure that we have gone the extra "mile" in our efforts to coordinate with agencies. If you have any questions don't hesitate to contact me.
