

MEMORANDUM

State of Alaska

Department of Transportation & Public Facilities
Statewide Design & Engineering Services Division

TO: DISTRIBUTION

DATE: February 10, 2006

TELEPHONE NO: 465-6958

FAX NUMBER: 465-2460

TEXT TELEPHONE: 465-3652

FROM: Gary Hogins, P.E. *GH*
Chief Engineer

SUBJECT: **CE Directive**
Specification Transmittal
for Airports 06-02

Incorporate attached Materials, Sampling and Testing Frequency table on all airport projects, advertised after March 29, 2006. Changes include conduit bedding density test frequency changed to every 200 lineal feet, and hot mix asphalt acceptance testing frequency changed to 500 tons.

Incorporate revised Special Provision A 16a, for Item P-401 Plant Hot Mix Asphalt, on airport projects on a case-by-case basis, as needed, effective February 17, 2006. The provision may be used on primary and general airport projects and clarifies that; asphalt plants may not be placed on airport property, the engineer will calculate price adjustments, and, that the price adjustment for asphalt cement property is deductive only.
