

MEMORANDUM

State of Alaska

Department of Transportation & Public Facilities
Statewide Design & Engineering Services Division

TO: Distribution

DATE: October 11, 2007

TELEPHONE: 465-6958

FAX: 465-2460

TEXT TELEPHONE: 465-3652

FROM: Gary Hogins, P.E. *GH*
Chief Engineer

SUBJECT: Chief Engineer Directive- Special Provisions adding Building Construction, for Airports and Highways 07-03

Incorporate special provision ES 16 on highway projects that include building construction and are advertised after Nov 17, 2007. Incorporate special provision A 17 on airport projects that include building construction and are advertised after November 17, 2007. These specifications modify the Highway Division 100 or Airport GCP's to include contract provisions for vertical construction.

Include standard specifications, special provision, and pertinent building technical specifications in the bid documents. Use approved Alaska Tests Methods where applicable. Draw a building boundary line around each building shown on the plans. Include drawings with details for each building.

Pay all work within the building boundary line and above footing elevation with lump sum items and construct according to building technical specifications. Pay all work outside the building boundary line using standard highway or airport items with appropriate units and construct according to highway or airport technical specifications.
