DATE: August 14, 2015

TELEPHONE: 465-6958

FAX: 465-2460

FROM: Roger Healy, P.E.
Chief Engineer

SUBJECT: Chief Engineer Transmittal –
ATMS Interim Addenda

The 2011 Alaska Traffic Manual Supplement (ATMS) is amended effective immediately. This amendment incorporates 66 interim addenda to the ATMS. These interim addenda have been reviewed by regional Traffic and Safety staff and have been approved by the Alaska Division office of FHWA.

The attachment index lists the interim addenda by ATMS section number and presents a description of the changes. Individually, the attached interim addenda fall into three general groups of changes to the ATMS: 1) revised sign number references in the ATMS, 2) new sign guidance for Alaska-specific signs not previously contained in the ATMS, and 3) revised ATMS guidance unrelated to signing.

All ATMS interim addenda, including these most recent 66, are available online at:
