Mr. John MacKinnon
Commissioner
Alaska Department of Transportation and Public Facilities
3132 Channel Drive
Juneau, AK 99811-2500

Dear Mr. MacKinnon,

In 2007, the United State Fish and Wildlife Service (FWS) removed bald eagles from the list of threatened and endangered species, and the Bald and Golden Eagle Protection Act (BAGEPA) became the primary federal law protecting eagles. In 2009, the FWS published a rule under the BAGEPA authorizing a permit program that allows take of eagles under certain circumstances. The FWS has primary jurisdiction over eagles throughout the United States. However, Alaska also retains management and permitting authority, and eagle take as defined in the BAGEPA requires written authorization from both the FWS and the Alaska Department of Fish and Game (ADF&G).

The ADF&G, Division of Wildlife Conservation (DWC) recognizes that the Department of Transportation and Public Facilities (DOT&PF) commonly undertakes projects that are in the public's interest, but also have the potential to take or disturb bald eagles. We further recognize DOT&PF staff expends considerable effort to minimize effects of projects on eagles and to acquire FWS Eagle Take permits. Because DOT&PF projects already undergo review by the FWS and the public, we have determined that additional review of individual projects by DWC is unnecessary. Consequently, this letter of concurrence authorizes take or disturbance of bald eagles associated with all projects for which DOT&PF has acquired a FWS permit.

This authorization is valid through December 31, 2020 and may be renewed by submitting a request (paper or e-mail) to the DWC, Permits Section at dfg.dwc.permits@alaska.gov or P.O. Box 115526, Juneau, AK 99811-5526.

Sincerely,
