QUICK REFERENCE GUIDE:

5.1 PSA – Adding Amendments

20. Click the **New** button and repeat step #19 for as many reasons as you need to add to the amendment.

New Items (If you are adding new tasks)

21. Click the **Select New Item** button to open a modal window.
22. In the Select New Item window, press enter in the **Reference Item** autocomplete to see all available PSA items. Select the correct item based on the scope of the amendment.
23. Select the correct **Project** (program number).
24. Click the **Add to Change Order** button at the bottom of the modal window.
25. Enter the **Quantity** (use the total dollar amount), **Funding, Unit Price** (enter 1), **Supplemental Description** (this is required and should be task specific information i.e. Task 5 - Risk Management), and **Contractor** (optional) for the new item.

Time Adjustments

26. Click the **Select Contract Time** button to open a modal window.
27. Click **Show first 10** to display all contract times and select the **Completion Date**.
28. Click the **Add Time Adjustments to Change Order** button at the bottom of the modal window.
29. Enter the **Adjusted Completion Date** for the contract time.
30. Click **Save**.

Submitting & Approving Change Order

1. Prior to submitting for approval, ensure that the Amendment has been entered correctly, and that all tasks and dollar values are correct.
2. On the Contract Change Order Summary, click the **Component Actions Menu** in the upper right corner in the Tasks section, **select Submit For Approval**. The system will change the Status of your Change Order to Pending Approval.
3. Review the Change Order once more to ensure the information has been entered correctly.
4. On the Contract Change Order Summary, click the **Component Actions Menu** in the upper right corner in the Tasks section, click **Approve** to open a modal window, or **Change to Draft** if you need to make a correction.
5. In the Approve modal window enter the date the Amendment was physically signed as the **Signed Date**.
6. Click **Save**.
