

# MEMORANDUM

# State of Alaska

Department of Transportation & Public Facilities  
Office of the Commissioner

**TO:** DOT&PF Leadership Team

**DATE:** August 12, 2024

**PHONE NO:** 465-3900

**FROM:** Ryan Anderson, P.E.  
Commissioner

DocuSigned by:  
  
DE6B08F7F6734C7...

**SUBJECT:** Traffic Incident  
Management (TIM)  
Coordination

Effective Traffic Incident Management (TIM) reduces the duration of the impact of traffic incidents, improves safety for motorists, first responders and crash victims and reduces the likelihood of secondary crashes. As an Ally in Action to the National Roadway Safety Strategy, DOT&PF is seeking to advance and institutionalize TIM programs in strategic locations across the state. The State Traffic & Safety Engineer will serve as DOT&PFs lead for implementation of TIM.

Thank you for your cooperation.
