SUBJECT: Waiver of Tunnel Toll for
Whittier Harbor Cleanup
Event

In the interest of supporting community efforts and promoting environmental stewardship, I authorize the waiver of the Whittier Tunnel toll for participants in the Whittier Harbor cleanup event scheduled for February 1, 2025.

This waiver will encourage greater volunteer participation, aiding in the removal of substantial amounts of debris from the harbor. It also demonstrates the State of Alaska's commitment to fostering partnerships that benefit our communities and natural resources.

Please coordinate with the event organizers to ensure smooth implementation of this waiver for all participants. Feel free to contact my office if you require any further clarification or support in this matter.

Thank you for your efforts in facilitating this important community event.
