[asp20\\_3.pdf](#)

---

All,

Please see the partial standard specification distribution for aviation projects per the attachments and the email below. Specifications still requiring FAA approval are included as [Reserved]. Please note the Chief Engineer's Directive requires the use of these specification for any project advertised after January 31, 2020. Word versions of the files can be found at <http://dot.alaska.gov/stwddes/dcasspecs/index.shtml> but are broken up by Section instead of individual specification.

Thanks,  
Luke
