BID TABULATION SUMMARIES

Central Region Highway Projects

A compilation of the three low bids for Contract Pay Items for Projects advertised between:

January 1, 2007 and December 31, 2014

The data was extracted from an archive maintained in the BIDTAB IV Program.
The Program is used to create Engineer's Estimates and Contract Bid Schedules, input and analyze Contractor bids, compile and print various reports, and store bids received on projects.

Prepared by:

State of Alaska
Department of Transportation and Public Facilities
Central Region Highway Design Section
4111 Aviation Avenue
Anchorage, Alaska 99502
(907) 269-0408

An EXCEL Version is available at:

CR Network: <\\dotavifs03\hyd\ESTIMATE\BID RESULTS\>

CR FTP: [Index of /creg/design/highways/ESTIMATE/BID RESULTS/](Index of /creg/design/highways/ESTIMATE/BID_RESULTS/)

Instructions

- 1. This printed version of bid results is provided for quick look-up convenience of historical project Pay Item Costs; and intended as an aide to be used when estimating the cost of a limited number of items - **Not to be used to create project estimates**. BIDTAB IV (BIDTAB) has more recent data and easier lookup capabilities. Use the historical electronic data in BIDTABs' to create project estimates and supplement using other sources when needed.
- 2. This printed version of bid results is created from data available in BIDTABs'. BIDTABs' contains all available historical bid result data for Central Region (CR) DOT&PF.
- 3. Individuals tasked with creating project estimates must create and submit all estimates in BIDTAB IV.
- 4. BIDTAB accounts are available from the Central Region IT Department. (CRAVIAHD, DOT (DOT sponsored) craviahd@alaska.gov
- 5. BIDTAB IV Training Manuals are available at: <http://www.dot.state.ak.us/stwddes/dcscsspecs/index.shtml> under "Other"
- 6. CR Pay Item(s) not being used will remain in BIDTABs' until the data is migrated to a Standard Specification for Highway Construction (SSHC), BIDTAB or other CR Pay Item.
- 7. SSHC Pay Items not being used will remain in BIDTABs'.
- 8. "Bid Tabulation Summaries" Pay Item numbers have had some format modifications for the printed book and may not match the "Historical Data" available in the electronic Version of BIDTAB's.
- 9. Inform the Specification and Estimating Engineer of errors, anomalies, and contradictions, etc. to help correct future printings of "Bid Tabulation Summaries, 2007 - 2014" and future editions.
- 10. Numeric/Alpha Pay Item Numbers:
 - a. Pay Item numbers in the "Bid Tabulation Summaries" that are a combination of numeric and alpha characters (1A, 2b, etc.) and included in a subheading are standard items.
 - b. Pay Item numbers in the "Bid Tabulations Summaries" that are a combination of numeric and alpha characters (1A, 2b, etc.) and not included in a subheading are Standard Pay Items modified for a project.
- 11. Abbreviations used in the printed book "Bid Tabulation Summaries" were created to facilitate making this book and are not to be considered SSHC approved abbreviations.
- 12. Complete unabbreviated project names, Pay Item names, and Pay Units, etc., are in BIDTAB IV.

13.
