			Bid results are before Alaska Product and Alaska Bidder Preference.			

2008 Bidtab Summaries

2008 bid results included are from a copy attained late in 2008 and may not include all of the 2008 bid results. As of 081009 it has been learned that a bid summary for 2004-2008 was printed.

Not knowing the 2004-2008 bidtab summary booklet would be produced the 2008 bid results that had been attained were included here to provide some assistance in estimating projects in progress. Three copies of the 2004-2008 Bidtab Summaries have been distributed to the Highway Design Group. Additional hard copies may be attained from the Plans Room.

An electronic copy of the of the enclosed documents is available, see address below.

4 copies of this booklet have been created and are available for use.

The electronic copy of the 2009 bid results, last updated 080709, has low level password protection.

- 1) Open the file as "Read Only"

- 2) Click "Save As"

- 3) At the bottom of the save as window click "Tools"

- 4) In the popdown menu click "General Options". Remove the passwords present or provide your own password for your copy. If you do not remove or change the password you will have to open the file as read only and then "Save As" each time you open the file...

2009 Bidtab Summaries

Not knowing if a 2005-2009 Bidtab Summary book will be produced - the bid results to date for 2009 are compiled and included here. The 2009 results are compiled for another purpose and therefore may not be in the identical format of the previous bidtab summary booklets - hopefully they will provide some assistance in the early project estimating. An electronic copy of the 2009

An electronic copy of the of the enclosed documents is available, see address below.

4 copies of this booklet have been created and are available for use. 081009.

The electronic copy of the 2009 bid results, last updated 080709, has low level password protection.

1) Open the file as "Read Only"

2) Click "Save As"

3) At the bottom of the save as window click "Tools"

4) In the popdown menu click "General Options". Remove the passwords present or provide your own password for your copy. If you do not remove or change the password you will have to open the file as read only and then "Save As" each time you open the file...
