

Translation Parameters:
To convert the local coordinates to NAD83 (92) State Plane
Foot coordinates, translate using +2,296,868.6878 N,
+1,312,517.4905 E, and scale using 0.9998910192.

All other elevations were established using trigonometric leveling methods, and shall be verified in the field prior to use.

4. It will be the Departments responsibility to confirm that all monuments are in their original position after paving is completed.
