

1. For additional survey information see Atka Survey Control Diagram dated 12-27-05 and recorded as Plt 2006-2, Aleutian Islands Recording District.
2. The bearings shown are local plane bearings as oriented to the basis of bearing, and distances shown are reduced to horizontal ground distances.
3. The Basis of Bearing was measured between centerline monuments of the existing runway. Utility GPS static observations, a forward NAD 83 geodetic bearing from point 6201, a found aluminum cap marked STA. 62+10, to point 6200, a found rebar at STA. 26+89.76 based on point 6201, a bearing of S 11° 40' 33" E was established.
4. All section lines shown are based upon protracted positions determined from ties to existing monumentation and BLM Protraction Diagrams. The sections are unsurveyed.
5. The boundaries of the parcels and tracts shown on this property plan are based upon the designs provided by the State of Alaska, Department of Transportation and Public Facilities, Central Region Design and Engineering Services, Right-of-Way.
6. Tract 1 has been leased by AK DOT/PF from the City of Atka. When the acquisitions for the new airport are complete this lease will terminate and these portions of former Tract 1 will be retained by the City of Atka.
7. The natural meanders of the mean high water line of Nazan Bay forms the property boundary as applicable.
8. An Avigation and Hazard easement reportedly exists over Tract V. This easement appears to have not been recorded.

- Found Primary NGS Brass Tablet
- Found Primary BLM 14(c) Brass Cap Monument
- Found Primary Centerline Monument
- Found Primary Monument
- Found Secondary Monument
- Exterior Airport Property Boundary
- Tract Boundary (Former)
- Parcel Boundary
- Protracted Section Line
- Centerline
- Right-Of-Way
- Meander Line
- Horizontal Control Tie
