File: **ATS No. 1672 // ADL 206501**
Subj: Request For Mylar

Dear Mr. Mullikin:

We apologize for the delay in returning the mylar to you for the applicant signature to be completed prior to DNR signatures. You mailed the mylar to us with sufficient time to have the plat recorded by the end of your contract with DOT&PF if we had not held it for so long. Unfortunately, the plat was held in part due to internal discussions concerning the use of GPS for the Basis of Bearing. The applicant must sign the plat prior to signatures from DNR. Also, please review the plat on Sheet 1 and Sheet 2 for an unlabeled line that heads in a northwesterly direction from PLH-1 monument.

Sincerely,

Stanley Brown, PLS
Land Surveyor II
