PROJECT OVERVIEW

DOT&PF is developing two projects to reconstruct Knik Goose Bay (KGB) Road between Centaur Avenue and Settlers Bay Drive. KGB Road has congestion, poor performance, and high collision rates. This effort will expand the corridor to a four-lane, divided roadway with a separated multi-use pathway on the north side that will allow KGB Road to function more efficiently with fewer delays, more capacity, fewer crashes, and increased safety.

DESIGN UPDATE

This is DOT&PF's highest priority project. Project design for Phase 1 (Centaur Avenue to Fairview Loop) is complete. The project has been awarded to Granite Construction Company on June 17, 2022. Project design for Phase 2 (Fairview Loop to Settlers Bay Drive) is anticipated to be completed in spring 2025.

RIGHT OF WAY

DOT&PF right of way staff have worked closely with property owners on acquisitions in the four mile segment between Centaur Avenue and Fairview Loop. All of the property acquisitions for Phase 1 have been completed. Acquisitions for Phase 2 are anticipated to be complete in 2025.

UTILITY COORDINATION

Due to the significant amount of utility relocation required in the corridor, DOT&PF has worked closely with representatives from GCI, MTA, MEA, ENSTAR, and the City of Wasilla on final utility design for Phase 1 of the project. Utility agreements for Phase 1 have been completed and signed. Phase 2 agreements are anticipated to be complete in 2025.

CONSTRUCTION PHASING & PROJECT TIMELINE

To expedite delivery and minimize inconvenience to the traveling public, businesses and residents, construction of the two projects will be phased over several seasons, as shown in Figures 2 and 3. Phase 1 construction, from Centaur Avenue to Fairview Loop, is anticipated to start in late summer 2022. Phase 2 construction, from Fairview Loop to Settlers Bay Drive, is anticipated to start in 2025.
