

Sterling Safety Corridor Improvements 2026 Anchorage Transportation Fair

Wednesday, April 22, 2026, 3-7 p.m., at the Alaska Airlines Center

Project Team Staff

Julia Hanson, Alaska Department of Transportation & Public Facilities

Aaron Fletcher, P.E., DOWL

Summary:

The Alaska Department of Transportation and Public Facilities (DOT&PF) with DOWL, represented the Sterling Safety Corridor Improvements Milepost (MP) 82.5 to 94 project at the Anchorage Transportation Fair on Wednesday, April 22, 2026, at the Alaska Airlines Center in Anchorage. Attendees were invited to sign up for email updates and provided informational materials including a Fact Sheet and Frequently Asked Questions (FAQ) document. The project booth featured a project board displaying key information, an iPad with access to the project webmapper displaying the design, and handouts located on tables for attendees to discuss specific area concerns and document their comments. This event provided a platform for public engagement and feedback on the project's development.

This included members of the project team, interested members of the public, and elected officials who have a stake in the project's outcomes.

Question and Comments Summary:

The following comments summary is based on discussions with project team members during the Fair:

- General support for the project to reduce congestion and improve safety.

Action Items and Next Steps:

- Post event summary to the project website.
- Distribute public comments to the project team and respond to concerns.
