DIRECTORY INFORMATION

This directory lists the firms currently certified as Disadvantaged Business Enterprises (DBE) with the State of Alaska. This directory is updated weekly on The Civil Rights Office web site at <http://www.dot.state.ak.us/cvlrts>.

The information is listed two different ways:

- *Alphabetical by Work Category*
- *Alphabetical by DBE firm name*

****These are professional licenses required by the State of Alaska to perform a specific type of work. All DBE firms are required to have a State of Alaska business license prior to starting work within Alaska. Only the professional licenses are listed in this directory***

All work performed by DBE firms are eligible for DBE credit as long as the DBE is certified in the work category the bid item would fall under. DBE credit will be given regardless of the GFE Required status.

For Alaska Department of Transportation and Public Facilities (ADOT&PF) Contracts Only:

To be found in compliance with ADOT&PF Contract Special Provision, DBE 120 Specification Good Faith Effort (GFE), a prime contractor must contact all DBE firms marked 'GFE Required – YES' for the work categories AND region specified in the contract.

Remember, as a prime contractor, you do NOT have to solicit bids from DBE firms that have indicated 'GFE Required – NO' for either the work category or region.

To maintain a 'GFE Required – YES' status, DBE firms must complete the Bidder's Registration annually each calendar year. A status of YES indicates that the DBE firm wishes to receive bid solicitations and are actively pursuing work on ADOT&PF projects.

A DBE firm may change their GFE Required Status at any time in writing.

This publication is NOT an endorsement or guarantee of the Capability, dependability, or availability of any firm listed.
