Now What?

DBE Certification has been obtained; but have you thought to do next? How are you going to make the most of the certification?

- ✓ Finding Opportunities (Bids & Solicitations)
- ✓ Marketing & Advertising your certification
- ✓ Building Teaming Relationships
- ✓ Using local resources to expand your business

"This guy knows how to find solicitation streams."

Finding Opportunities

Looking for Bids and Solicitations

Finding Opportunities

- ❖ Looking for the contracts – searching for solicitations & bid opportunities

Where Government Contracting Starts

Marketing & Advertising

How are you promoting your business?

- ❖ How are you marketing your business?
 - Develop a marketing plan – more than just using social media
 - Social Media presence – name and brand recognition
 - Identifying/promoting your DBE Certification
 - Marketing Materials
 - Business Cards
 - Capability Statement
 - Website – what does it say about your business? Who is your audience?

“[Marketing strategy](#) will impact every piece of your business, and it should be tied to every piece of your business.”

– Brandon Andersen

- ❖ Creating a Capability Statement
 - They're like Pringles – you can't stop at just one
 - Should be written for a targeted reader
 - Should fit the purpose of use
 - Can be anything from 1 page to a detailed catalog
 - Add them to your website

Updated webinar scheduled for 1/23/25!

Where Government Contracting Starts

Building Teaming Relationships

Competitor or Business Partner?

Marketing to Potential “_____”

- ❖ Before you knock on the door looking for potential teaming partners, ask yourself:
 - What do you need from them?
 - What do you (or your business) bring to the table?
 - How can the teaming relationship benefit the potential teaming partner(s)?

But first, let's assess your business...

“Honesty is the first chapter in the book of wisdom.”
– Thomas Jefferson

Company Self-Assessment

- ❖ Why team with another company? What do you need to complete the next contract, break a bottleneck, or diversify/expand into another area?
 - Physical Capital
 - Intellectual Capital
 - Human Capital
 - Financial Benefits

Before entering into a teamed / contractual business relationship, assess your own company standing.
What does your company need and what can it offer?

<https://americassbdc.org/8-reasons-to-consider-collaborating-with-another-small-business/>

Ability, Capacity & Capability

- ❖ **Ability** – the skill, knowledge or power to do something
- ❖ **Capability** – the ability to do something in “either/or” scenarios; The capability of a business refers to its ability to do something when all its resources are optimally employed.
- ❖ **Capacity** – the innate potential; the business capacity refers to the maximum level of output that it can yield and deliver within inherent limitations

Ability	Capability	Capacity (Max level of output)
<ul style="list-style-type: none"> • Staff (People): - Management - Key Personnel - W-9 Employees - Subcontractors • Staff Training & Certification • Contingency Plans • Standard Operating Procedures 	<ul style="list-style-type: none"> • Past Performance - Completed projects • Existing Master Subcontract Agreements • Contingency Planning & Resources • Accounting Systems - Job Codes - Cost tracking mechanisms 	<ul style="list-style-type: none"> • Bonding Capacity - Maximums: Ceiling & Project limitations - Available Bond Amount? • Work in Progress - Availability of Manpower - Availability of Equipment • Financial Resources • Risk Management Limitations • Contingency Resources • Supply Chain Availability • Inherent Limitations

Teaming Strategies

- ❖ Competitors vs. Potential Teaming Partners
 - Business growth: more employees or strategic partnering?
 - What business bottlenecks are slowing business growth?
 - Diversification – new locations or new product and/or service lines?

But first, let's define teaming...

“Coming together is a beginning.
 Keeping together is progress.
 Working together is success.”
 -Henry Ford

Teams vs Joint Ventures

Prime/Sub Teams

- ❖ Only one party (prime) performs at the prime contract level and is responsible to the government
- ❖ Subcontractor typically paid on a pre-determined basis
- ❖ No new legal entity created
- ❖ Subcontracting limits apply to prime only (but note similarly situated entity rule)

Joint Ventures

- ❖ Both parties perform at the prime contract level and are responsible for the entire contract
- ❖ Parties typically split profits and losses
- ❖ Parties create a new legal entity (e.g., LLC) & registered in SAM
- ❖ Subcontracting limits apply to JV as a whole

Prime/Sub Teams

Prime/Sub Teams – Teaming Agreements

- ❖ **Privity of Contract:** 1 to 1 relationship between government and prime contractor
- ❖ **Teaming Agreements**
 - FAR does not require prime/subcontractor teaming agreements
 - Procuring agencies sometimes (perhaps increasingly) require teaming agreements to be submitted with proposal
 - These agencies may decline to consider a subcontractor's past performance, capabilities, etc. without a teaming agreement
 - Lock-in commitments from prospective teammates
 - Prime doesn't want to rely on prospective subcontractor's qualifications & resources, only to have a subcontractor decline to participate
 - Subcontractor doesn't want to spend time and energy on proposal only to receive no subcontract
 - Establishes rules (if any) for exclusivity
 - Avoid difficult post-award disputes
 - Demonstrate compliance with key requirements

Where Government Contracting Starts

Subcontracts

Prime/Sub Teams – Subcontracts

❖ Subcontracts

- Teaming agreements → Subcontracts: Teaming agreement is a “chasing the contract document” and a subcontract is a “performing the contract” document.
- More detailed – project and/or scope specific
- Must include mandatory FAR provisions
 - A flow-down is a provision of a prime contract that the prime contractor includes in a subcontract. FAR required primes to flow-down many clauses – failing to flow-down, when required, is a breach of contract!
- This is a **negotiated agreement** and should be specific to a singular contact activity. Subcontractors should be ready to push back against non-compliant terms
 - Scope of Work should be specific to avoid disputes
 - Payment & invoicing provisions should be included
 - Dispute resolution
 - Termination provisions: Termination for Convenience and Default
 - Non-disclosure provisions
 - Ensured compliance with subcontracting limits
 - Term of subcontract – how will the prime address contract options?

Where Government Contracting Starts

Looking for potential partners

Where to find potential teaming partners

- ❖ Dynamic Small Business Search (DSBS)
- ❖ System for Award Management (SAM.gov)
- ❖ Federal Procurement Data System (FPDS) Next gen
- ❖ State of Alaska DBE Directory (or other state directories)
- ❖ Professional Organization training or networking events

Vetting potential teaming partners

- ❖ Dynamic Small Business Search (DSBS)
- ❖ Federal Procurement Data System (FPDS)
- ❖ Contractor Performance Assessment Reporting System (CPARS) – past performance
- ❖ Risk Management concerns
- ❖ Legal concerns

UAA Business Enterprise Institute

UNIVERSITY of ALASKA ANCHORAGE

The Alaska SBDC is a program of the UAA Business Enterprise Institute and is funded in part through a cooperative agreement with the U.S. Small Business Administration (SBA).

11

The screenshot shows the Alaska Small Business Development Center (SBDC) website. At the top left is the logo for the Alaska SBDC, part of the UAA Business Enterprise Institute. A navigation menu includes Home, Getting Started, Suite of Services, Success Stories, SSBCI, and About Us. The main heading is 'Getting Started' in a large orange banner. Below this, there is a 'on this page' section with a list of links: 'What the SBDC does', 'Who we serve', 'What the Alaska SBDC cannot do', 'We are Business Advisors', 'Would you like assistance from an advisor?', 'Don't want to speak with an advisor?', 'Other recommendations', and 'Subscribe'. To the right, there are two call-to-action buttons: 'Sign Up Now' (yellow) and 'Subscribe' (green). Below these is a photograph of three wooden blocks with icons representing people, a lightbulb, and a bar chart. A caption below the photo states: 'The Alaska SBDC offers three fundamental areas that cover the needs of startups and established businesses:'. At the bottom left, a URL is provided: <https://aksbdc.org/getting-started/>.

The screenshot shows the Alaska APEX Accelerator website. The header features the 'ALASKA APEX ACCELERATOR' logo and a search bar. The navigation menu includes HOME, GETTING STARTED, EVENTS & TRAINING, TOOLS, NEWS, and ABOUT. The main heading is 'Program Introduction'. Below the heading, there is a section titled 'Now Alaska APEX Accelerator!' with a bulleted list of services:

- Free assistance with all aspects of government contracting, from cradle to grave (start to finish) for federal, state and local purchasing activity
- Free one-on-one appointments
- Free workshops (Special events and extended training session may have registration fees)
- The Alaska APEX is one of 96+ other APEX Accelerators across the US, Puerto Rico, & Guam

 Below the list are three URLs: <https://apexalaska.org/>, <https://www.napex.us/>, and <https://www.apexaccelerators.us/#/>. On the left side of the page, there is a featured article titled 'Answers to Common Questions' with a sub-headline 'Our FAQ area has info on UEI, SAM, GSA, and other government contracting topics.' and a button 'see our extensive FAQ'. Below this is a section 'Are you new to government contracting?' with text explaining that government contracting is more complex than private sector and two buttons: 'ARE YOU READY for government contracting?' and 'THE 10-STEP APPROACH to government contracting'. At the bottom, the UAA Business Enterprise Institute logo is shown, along with the text: 'The Alaska APEX is a program of the UAA Business Enterprise Institute and is funded in part through a cooperative agreement with the Department of Defense Office of Small Business Programs'.
