

Alaska Department of Transportation and Public Facilities

Fairbanks International Airport

Fairbanks International Airport Tenant SWPPP Agreement

This agreement declares the industrial activities of each leaseholder, tenant, and other organizations operating at Fairbanks International Airport (FAI) for the purpose of preparing and implementing FAI's Stormwater Pollution Prevention Plan (SWPPP) and maintaining compliance with the State of Alaska's Multi-Sector General Permit (MSGP) for stormwater discharges from industrial facilities, including airports and airport operators.

Name of Organization: _____

Address: _____

Email: _____ Phone: _____

Questionnaire

Indicate if you store, perform, or operate any of the following, outdoors and exposed to rainfall, within your lease lot and/or operations area:

- Permanent or stationary fueling Yes ☐ No ☐
- Portable fueling truck or trailer..... Yes ☐ No ☐
- Application of de-icing fluid..... Yes ☐ No ☐
- Equipment or aircraft maintenance Yes ☐ No ☐
- Materials, products, or waste in open, deteriorated, or leaking containers Yes ☐ No ☐

Permit Filing Options

- ☐ Check if you answered "yes" to any of the above. You have or intend to file a **Notice of Intent (NOI)** to obtain coverage under the 2026 MSGP and pay the annual ADEC permit authorization fee. You have read, understand, and will comply with all SWPPP guidelines found in the FAI 2026 SWPPP including submittal of the Tenant Aircraft and Airfield Deicing Chemical Usage Monthly Report, if applicable.
- ☐ Check if you answered "no" to all the above. You have or intend to file a **No Exposure Certification** to notify ADEC that your organization does not require permit authorization for its storm water discharges associated with industrial activity due to a condition of no exposure. You certify to FAI that the facility will maintain a condition of no exposure or, if the no exposure condition is no longer present, notify FAI and file an NOI to obtain permit coverage.
