

Gravina Access Project SEIS Alternatives Screening Report Available

Comments due Friday, April 16, 2010

The Gravina Access Project's Supplemental Environmental Impact Statement (SEIS) Alternatives Screening Report is available for review, and we'd like to hear from you.

The report describes the alternatives previously considered and those that arose during scoping, the screening process, and the reasonable alternatives selected based on financial, environmental, and engineering considerations.

The selected reasonable alternatives will be evaluated in detail in the Gravina Access Project SEIS, along with the No Action Alternative.

The full report, along with more information and an opportunity to comment, is available at:

www.gravina-access.com

COMMENT DEADLINE:

Your written comments on the report are due by
Friday, April 16, 2010.

- Mail your comments to:
