

Haines Airport Rehabilitation

PROJECT DESCRIPTION

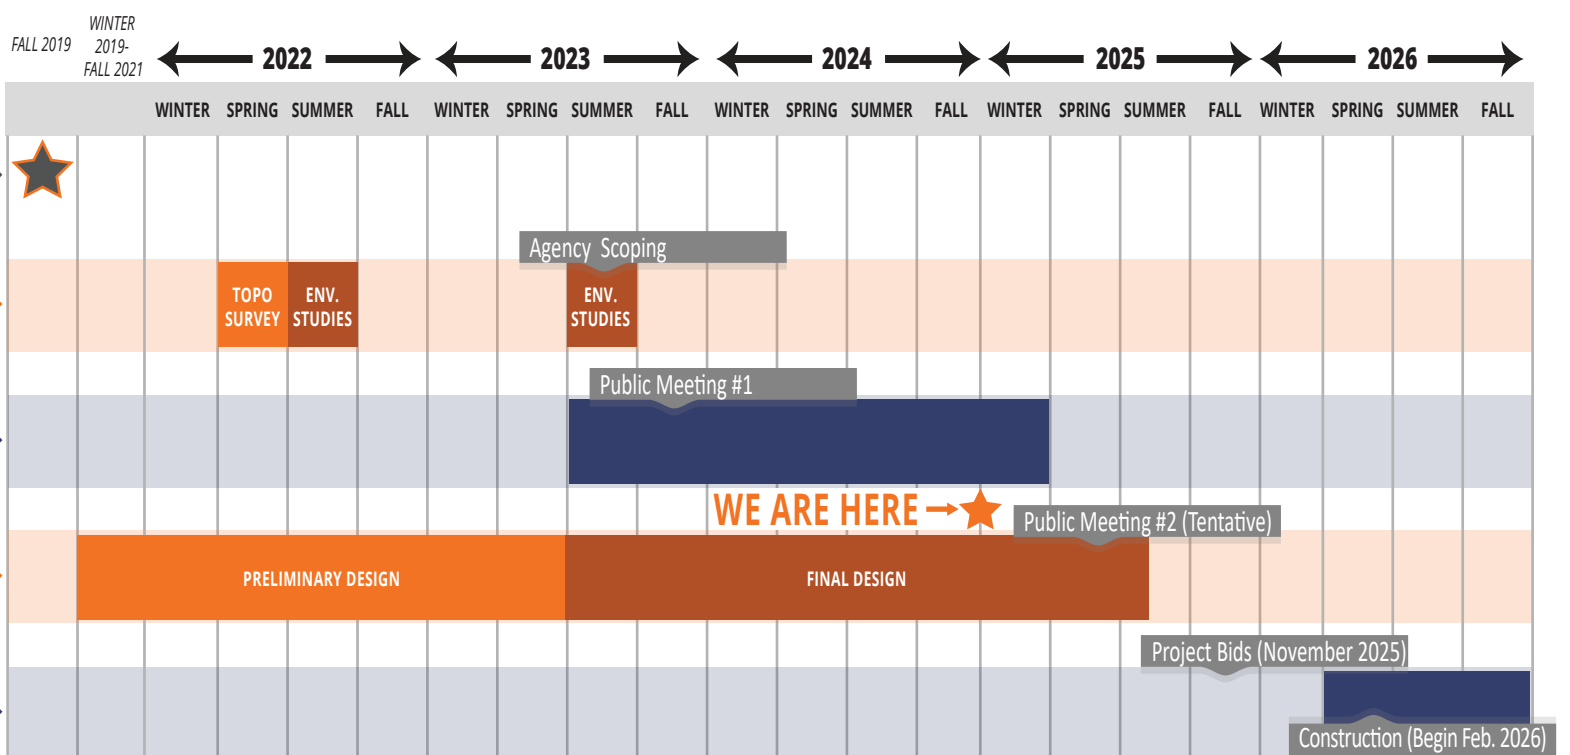

The Alaska Department of Transportation and Public Facilities (DOT&PF), in cooperation with the Federal Aviation Administration (FAA), is proposing to rehabilitate the Haines Airport. The purpose of the project is to extend and improve upon the service life and safety for aircraft operations.

SCOPE OF WORK

- Rehabilitate Runway (RW) 08/26
- Rehabilitate Taxiways (TW) A, D, E, and portions of TWs C and B
- Construct a taxilane between the edge of the general aviation apron and helipad
- Reconstruct helipad
- Improve drainage including modifications to existing culverts and ditching
- Replace edge lighting, airfield direction signage, conduits, and electrical conductors
- Replace and relocate the airport rotational beacon
- Construct a snow removal and equipment building (SREB)
