Klondike Highway Rehabilitation: Skagway River Bridge to Black Lake

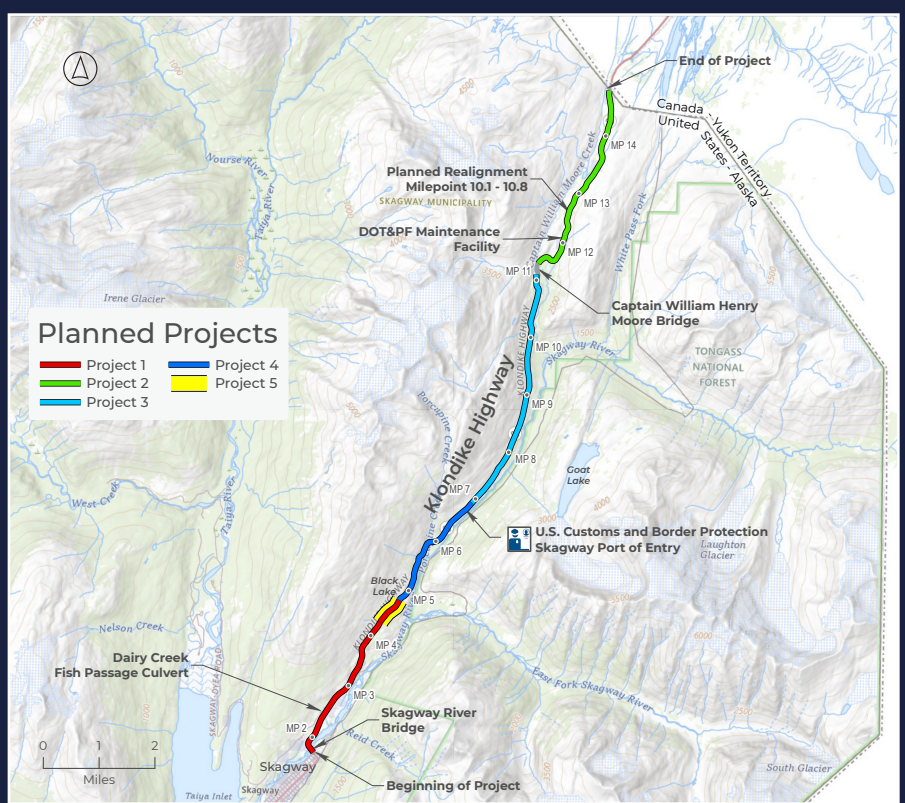

State Project No. SFHWY00753

PROJECT OVERVIEW

The Alaska Department of Transportation and Public Facilities (DOT&PF) is planning a series of projects to rehabilitate the Klondike Highway from the Skagway River Bridge to the Canadian Border. **Project 1** will address deficiencies between Skagway River Bridge and Black Lake. The purpose of the project is to extend the service life of the highway, enhance safety, and improve drainage.

PROJECT BREAKOUT

PROPOSED WORK MAY INCLUDE

- Pavement rehabilitation
- Pavement resurfacing
- Widened shoulders for bike use
- Skagway River Bridge and weir improvments
- Fish passage culvert at Dairy Creek and other drainage improvments
- Rock slope work at MP 3.4 and 3.9
- Guardrail replacement
- Signing and striping
