

Kokhanok Airport Resurfacing and Fencing

State Project No.
SFAPT00361

YOU ARE INVITED
OPEN HOUSE
PUBLIC MEETING #2

PROJECT OVERVIEW

Resurface
runway,
turnarounds,
taxiway,
and apron

Regrade
safety areas,
ditches, and
foreslopes

Replace
aircraft
tie-downs

Extend
fencing

Replace edge
lighting and
navigational
aids

Investigate
rock source

Clear
and grub
vegetation

Please join us on Tuesday, October 8, from 4:00-6:00 PM, at the Bingo Hall for an open house public meeting to hear from the project team and for an opportunity to provide your feedback. The meeting will feature a presentation that will provide updates on the progress of project design, schedule, material source investigation, and planning for future uses and improvements at the airport.
