John MacKinnon
Commissioner
Alaska Department of Transportation & Public Facilities
P.O. Box 112500
Juneau, AK 99811-2500

Dear Mr. MacKinnon:

This letter serves as the Federal Highway Administration (FHWA) Alaska Division Office's 2021 consistency determination, which is an evaluation whether the Alaska Department of Transportation and Public Facilities (DOT&PF) has developed and implemented a Transportation Asset Management Plan (TAMP) that is consistent with the requirements established by 23 U.S.C. 119 and 23 CFR part 515.

The DOT&PF's most recent TAMP and its implementation documentation dated July 2, 2021, were received by the Division Office on July 2, 2021. Based on the most recent TAMP submitted by the State DOT, as well as the documentation submitted by the State DOT to demonstrate implementation of the TAMP, the FHWA has determined **your TAMP complied with the minimum requirements set forth in 23 CFR 515.13(b)(1)**. Therefore, DOT&PF's TAMP has met the following minimum requirements:

1. Was developed with FHWA-certified TAMP processes;
2. Includes the required TAMP content; and
3. Is consistent with other applicable requirements in 23 U.S.C 119 and 23 CFR Part 515.

We also determined DOT&PF implemented its TAMP as provided in 23 CFR 515.13(b)(2).

We would like to commend you and your staff for the broad participation in development and implementation of the TAMP, a risk-based asset management plan, in accordance with 23 U.S.C. 119, to achieve and sustain a state of good repair over the life cycle of the assets and to improve or preserve the condition of the National Highway System (NHS).

Should you have any questions, please contact Julie Jenkins, Financial Manager, at (907) 586-7476 or by email at Julie.jenkins@dot.gov.

Sincerely,

Sandra A. Garcia-Aline
Division Administrator
