GENERAL RELOCATION INFORMATION

RELOCATION PAYMENTS ARE NOT TAXABLE
Relocation payments are not subject to federal, state, or local income tax.

FILING A RELOCATION CLAIM
You should file a relocation claim as soon as possible after expenses have been incurred; however you must file your claim no later than 18 months after the date of displacement from your property. Your Relocation Agent will furnish you with claim forms for this purpose. You should receive payment within 30 days after your claim is approved.
MOVING COST REIMBURSEMENT

If your operation qualifies as a displaced business, farm, or non-profit organization, you are entitled to reimbursement of your moving costs and certain related expenses incurred in moving. There is no limit to the distance you may move, but reimbursement of moving costs is usually limited to a move up to 50 miles from your exiting location.

Personal property, as determined by an inventory from a business, farm or non-profit organization, may be moved by one or a combination of the methods listed below. However, to assure your eligibility for benefits and prompt payment of your moving expenses, be sure to contact your relocation agent before you move.

METHOD 1: COMMERCIAL MOVE

The reimbursement amount for a commercial move is based on the lower of two bids or estimates for the actual, reasonable, and necessary expenses in moving your personal property as prepared by a commercial mover. Payments for an uncomplicated move under $2,500 may be based on a single bid or estimate.

METHOD 2: SELF-MOVE

If you elect to take full responsibility of your move, the reimbursement amount for a self-move is based on one or a combination of the following options:

Option 1) the lower of two bids or estimates prepared by a commercial mover or qualified Departmental staff. Payments for an uncomplicated move under $2,500 may be based on a single bid or estimate. If this option is chosen, you are not required to support your actual costs for the move.

Option 2) if this option is chosen, it must be supported by receipted bills for actual, reasonable, and necessary labor and equipment. Hourly labor rates should not exceed the rates paid by a commercial mover to employees performing the same activity and, equipment rental fees should be based on the actual rental cost of the equipment but not to exceed the cost paid by a commercial mover.

Eligible Actual Moving Expenses:

1. Moving persons and personal property. If the personal property to be moved is of low value and high bulk, some limitations may apply.
2. Packing, crating, unpacking, and uncrating personal property.
3. Disconnecting and reconnecting machinery, equipment, and substitute personal property; connection to utilities available within the building, modifications to the personal property (including those mandated by code or ordinance) necessary to adapt it to the replacement building, site, or available utilities; and modification to adapt utilities at the replacement site to the personal property.
4. Storage of personal property, if necessary and pre-approved, generally not to exceed 12 months; Insurance to cover loss or damage to personal property in transit or storage.
5. Replacement value of property lost, damaged or stolen through no personal fault where insurance was not available.
6. Any license, permit, fees, or certification required of the displaced person at the replacement location. However, the payment may be based on the remaining useful life of the existing license, permit, fees or certification.
7. Professional services determined by the Department to be reasonable and necessary for:
   a) Planning the move of the personal property;
   b) Moving the personal property;
   c) Installing the relocated personal property at the replacement location.
8. Re-lettering signs and replacing stationary on hand at the time of displacement that are made obsolete by the move;
9. Payment for actual direct loss of tangible personal property incurred as a result of moving or discontinuing the business, farm or non-profit organization shall be the lesser of:
   a) The fair market value of the item(s), as is, for continued use, less the proceeds from its sale. To be eligible for payment, you must make a good faith effort to sell the item(s). When payment for property loss is claimed for goods held for sale, the market value shall be based on the cost of the goods to the operation, not the potential selling price of the goods; or
   b) The estimated cost of moving the item as is, but not including any allowance for storage; or for reconnecting a piece of equipment if the equipment is in storage or not being used at the acquired site.
10. The reasonable cost incurred to sell an item that is not to be relocated.
11. Purchase of substitute personal property - if an item is not moved but promptly replaced with a substitute item performing the same function, payment is the lesser of:
   a) The cost of the substitute item, including installation costs, minus any proceeds from the sale or trade-in of the replaced item; or
   b) The estimated cost of moving and reinstalling the replaced item but with no allowance for storage.
12. Other related moving costs that are considered by the Department to be reasonable and necessary.
