

# Alaska Active Transportation Coalition

- Do you value safe and accessible routes to school?
- Can you get to an everyday destination without driving?
- Do you like clear sidewalks and trails in the wintertime?

Join us in shaping Alaska's transportation future!

## About Us:

The Alaska Active Transportation Coalition (AATC) is a statewide alliance that brings together a wide variety of transportation, public health professionals, non-profit advocates, and engaged community members. Our Coalition intends to make active transportation (walking, biking, rolling, and public transit) safer and more accessible through partnership, community action, and policy.

## Our Mission and Vision:

To promote active transportation through collective action to sustain healthy lifestyles, economies, and the environment across Alaska with safe, equitable, and accessible active transportation for all Alaskans.

## AATC focus areas have included:

- Supporting implementation of Alaska active transportation plans
- Supporting active transportation winter maintenance needs
- Updating DMV manual sections on biking and walking
- Commenting on active transportation plans and policies
- Supporting funding for active transportation projects statewide
- Contributing to Vision Zero efforts on pedestrian and bicyclist safety
- Supporting accessibility efforts
- Encouraging public transit
- Sharing upcoming grant opportunities
- Promoting trainings and events
- Sharing innovative approaches to active transportation

## We're always looking for more members and focus areas!

- If you'd like to join the Coalition, please contact us via the AATC website:
