Modification #8

The Anchorage Metropolitan Area Transportation Solutions (AMATS) Technical Advisory Committee (TAC) approved the AMATS FFY 2015-2018 Transportation Improvement Program (TIP) Administrative Modification #8 on March 10, 2016.

We find that AMATS FFY 2015-2018 TIP Administrative Modification #8 meets all the requirements of US Code Title 23, Section 134, meets conformity and is fiscally constrained by the allocations made in the 2016-2019 Statewide Transportation Improvement Program (STIP).

Your approval of the AMATS FFY 2015-2018 TIP Administrative Modification #8 is recommended and required as the statutory designee for all state transportation planning matters.

SUBJECT: AMATS 2015-2018 TIP
Administrative Modification #8

The Anchorage Metropolitan Area Transportation Solutions (AMATS) Technical Advisory Committee (TAC) approved the Administrative Modification #8 to the AMATS FFY 2015-2018 Transportation Improvement Program (TIP) on March 10, 2016. Attached as separate documents are the FFY 2015-18 TIP tables with Administrative Modification #8 adjustments highlighted and the AMATS TAC memo summarizing the changes.

We find this Administrative Modification to be in conformance with 23 USC 134 and all applicable federal requirements for Metropolitan Planning Organizations and is financially constrained. An administrative modification does not require a new conformity determination per 23 CFR 450.104.

Administrative Modification #8 now reflects changes made to Table 3 Roadway Improvements, and Table 5 Congestion Mitigation Air Quality. These changes reflect money being moved into the line item for the AMATS Metropolitan Transportation Plan update and additional funding for the Safety Improvement Program (Traffic Count Support).

AMATS requests that appropriate action be taken to incorporate the 2015-2018 TIP Administrative Modification #8 into the STIP.
