Administrative Modification #6

The Anchorage Metropolitan Area Transportation Solutions (AMATS) Policy Committee (PC) approved the Administrative Modification #6 to the AMATS FFY 2015-2018 Transportation Improvement Program (TIP) on November 19, 2015. Attached as separate documents are the FFY 2015-18 TIP tables with Administrative Modification #6 adjustments highlighted and the AMATS Policy Committee memo summarizing the changes.

We find this Administrative Modification to be in conformance with 23 USC 134 and all applicable federal requirements for Metropolitan Planning Organizations and is financially constrained. An administrative modification does not require a new conformity determination per 23 CFR 450.104.

Administrative Modification #6 now reflects changes made to Table 3 Roadway Improvements, Table 4 Non-Motorized, and Table 5 Congestion Mitigation Air Quality to reflect the 4<sup>th</sup> Quarter AMATS Obligation Report and includes two illustrative projects. Table 6 Roadways, Table 8 Other Federal, State, and Local Funded Project with the AMATS Area, and Table 9 NHS/Non-NHS Improvements outside AMATS within the MOA are updated to reflect the Draft 2016-2019 Statewide Transportation Improvement Program (STIP). Table 7 Transit is updated based on information provided by the Municipality of Anchorage Transit Department and the Alaska Railroad Corporation.

AMATS requests that appropriate action be taken to incorporate the 2015-2018 TIP Administrative Modification #6 into the STIP.

**MEMORANDUM**

**ITEM:** 5C  
**DATE:** 19 November 2015  
**TO:** Policy Committee  
**FROM:** Craig Lyon, AMATS Coordinator  
**SUBJECT:** AMATS TIP Administrative Modification #6

**BACKGROUND:**

A Policy Committee approved administrative modification to the AMATS 2015-2018 Transportation Improvement Program (TIP) is needed to update Table 3 Roadway Improvements. Included as information items are updates to Table 3 Roadway Improvements, Table 4 Non-Motorized, Table 5 Congestion Mitigation Air Quality (CMAQ), Table 6 National Highway System (NHS), Table 7 Transit, Table 8 Other Federal, State and Local Funded Projects within the AMATS Area, and Table 9 NHS/Non-NHS Improvements outside AMATS within the MOA

This administrative modification includes additional projects that constitute the “illustrative” list of projects allowed under federal regulation 23 CFR 450.328(e). Should a scheduled project encounter delays and be unable to advance as proposed, if actual project bids come in lower than estimated, or if sufficient funds are identified for other reasons, a project from this illustrative list can be selected in order to make maximum use of the funds. If a project is selected from the illustrative list, it must be incorporated into the fiscally constrained portion of the TIP before work can proceed.

**FOR ACTION:**
